

Senior Warden Report for 2023 Annual Meeting

Glory To Jesus Christ!

It was an honor to serve as parish warden this past year. Looking back on 2022, we can see how our parish is growing in many ways. We've spent time beautifying our church, reaching out to our community, and cultivating relationships with each other; all with the aim to serve the Lord. We are blessed to have a parish full of those with a willing and humble spirit who give their time, talents, and resources so freely.

Some things of note during 2022:

- Weekly coffee hour and Lenten meals following Presanctified Liturgies, with so many bringing food and supplies as well as those who stay to clean and help, especially Barbara Kaloroumakis who oversees it all. Thank you to all who participate with food and fellowship.
- Parish relationship building events like kickball, knit nights, beach days, and bonfires following autumn vespers. As well as newly added men, women and children's gathering nights.
- Major roof repairs which could not have been done without Fr. John and Don Rowe's countless hours of research and work.
- New cross installations as well as the archway lighting along with the mosaics and all those who took the time to teach, learn and spend much time in creating them. All updates to beautify our church for the Glory of God.
- Repairs of the culvert and taking down of trees on the property – graciously spearheaded by Joe Dunbar.
- Many joyous events such as the baptisms of Maeve, Micah, Liam, Judith, Archer and Dylan, as well as the marriage blessing of Georgiana and Brad.

As we move into the new year, we ask the Lord to continue to bless our efforts, and we pray that our parish continue to strive to come together; and to always work to do His will.
